<hr/>	
<b>Total allocations, January 1, 2011 to December 31, 2011</b>	<b>\$320,324</b>

**Additional grants** are provided by growing projects of Foods Resource Bank. In 2010, Brethren-related growing projects raised \$276,000 to invest in food security measures abroad. The proceeds for 2011 are still being gathered. Currently the Church of the Brethren is the lead sponsor of FRB programs in the Dominican Republic, Guatemala, Nicaragua, and North Korea. Since 2005, proceeds from the growing projects of Church of the Brethren congregations have provided agricultural development assistance to indigenous partners in more than 25 countries.

**Principal partners** of the Church of the Brethren Global Food Crisis Fund are, in addition to Foods Resource Bank and its members, Church World Service, Action by Churches Together, and Bread for the World. Grassroot indigenous church agencies are partners overseas.

**You are invited** into this partnership. In working together, we plant seeds and harvest hope, reduce malnutrition and infant mortality, create sustainable livelihoods for the displaced, and bolster the independence and self-worth of marginalized individuals and families. By joining in these works of compassion, you make known to the poor and hungry the fullness of God's love.
