

# Complimentary Parking at the DoubleTree Hotel

**Parking is complimentary only at the Central City Garage,  
NOT the parking garage attached to the hotel!**

Upon arrival, guests can go to the Central City Garage first or check-in and then drive over to the garage afterwards. At check-in, reservations will already have a billing profile, along with notes, stating complimentary parking is available in Central City Garage for the group.

Upon entering the garage, each guest will receive a parking ticket. Hold on to your ticket until you are ready to leave the garage, then get the ticket needs validated at the front desk. There's a 20-minute time-limit on the validation stamp. When departing the garage, validated tickets are entered in the machine and the gate will open for exiting. This process is repeated each time a guest enters the garage and gets a new ticket.
