Being a woman in ministry can have its downsides, but the good news is it has some pretty cool stuff too. Audrey Hollenberg-Duffey, Britnee Linton, and Jennifer K. Scarr became fast friends studying together at Bethany Theological Seminary. When graduation rolled around, they decided to keep meeting together once a month. Come and hear how 10 years of monthly Skype calls helped these three women survive and thrive.

Buy tickets when you register for Annual Conference at www.brethren.org/ac2024. Tickets will also be available during Annual Conference while they last.
