

Visit the **New Community Project booth** to learn about Learning Tours to the Amazon, the Arctic, Lybrook, Yellowstone, Myanmar, Malawi, Rwanda, South Sudan – **and Nepal!**

Want to help **girls** go to school, empower **women**, plant **trees**? Check, check & check!

(Lona, Idia, Ayak and Fahista came 200 miles to get to the school NCP built in South Sudan – Give a Girl a Chance scholarships keep them there!)

Find lots of info at our booth on reaching out to God's earth and its people as a **youth group** or **VBS** or **special project** for your congregation

(Bake Things Bakery raises money to help NCP plant trees and protect creatures in God's world that need us to care about them and help them!)

Y'all come! (and pick up a free recycled-content ink pen!)

New Community Project

“...turning the world  upside down...”
