Recommendation from Standing Committee to the 2024 Annual Conference

The Standing Committee foresees the need for the 2025 Review and Evaluation Committee to develop organizational changes and related polity adjustments that will require considerable time for research, discussion, deliberation and discernment. Moreover, such changes will likely require an organizational transition plan. Accordingly, we recommend to the 2024 Annual Conference a one-time change in tenure for the Review and Evaluation Committee from two years to four years, with the option to report sooner should their work conclude early.

### **Action of the 2023 Standing Committee**

On July 2, 2023, the 2023 Standing Committee adopted a motion to present this item of business to the 2024 Annual Conference recommending a one-time change in the tenure for the Review and Evaluation Committee.
