

STANDING WITH PEOPLE OF COLOR

— EQUIPPING SESSION —

Artwork designed by Devin Dixon-Rosario

Saturday, July 5 – 12:30 pm
Auditorium II

JOIN US at the **Standing with People of Color Equipping Session** to identify the faces of racism in the church and society so that we can together name both the problems and the possibilities. Working with Jesus's call to cultivate the Beloved Community we will explore next steps in dismantling racism and confronting racial injustice through the power of the Holy Spirit.

We will learn about the new role of Church of the Brethren Racial Justice Advocates and discern our gifts and strengths to sustain the ongoing work.

While the work of the Standing with People of Color Committee is concluding its three-year mandate from Annual Conference, this equipping session will set in place next steps to carry the work forward.

If you would like to serve as a Racial Justice Advocate in your church or if you can help with the future of our work in any way, please scan this QR code and complete the response form.
