Invitation to the offering

Across countries and cultures, Brethren are following Jesus through worship, service, peacemaking, and sharing the gospel.

Earlier this year, Sharon Brugger Norton, executive director for Global Mission, visited the Church of the Brethren in Burundi, the newest member of the Global Church of the Brethren Communion. There she spent time with Expert Bukene, founder and lead pastor of the Burundi Church of the Brethren and one of the people featured in this year's Mission Offering materials.

Relationships like these connect Brethren across the Global Communion and with partner around the world as we learn from one another and share in God's mission.

Your gifts to the Mission Offering sustain our Global Mission and other core ministries of the Church of the Brethren, helping us make this shared work possible.
