

## 2021 Brethren Faith in Action Fund Guidelines Mission and Ministry Board – Church of the Brethren

**Purpose:** Formed by funds generated from the sale of the upper campus of the Brethren Service Center in New Windsor, the **Brethren Faith In Action Fund** provides grants to fund outreach ministry projects that serve their communities, strengthen congregations, and expand the reign of God. Such ministries will honor and continue the legacy of service that the Center has epitomized while also addressing the dynamics of the present age.

**Who May Apply:** Any United States Church of the Brethren congregation, fellowship or project (hereafter referred to as “congregations”) and any Church of the Brethren camp (“camp”).

**Amount:** Grants of up to \$5,000 per congregation or ministry project per year are awarded, with a maximum of \$15,000 being allocated to any one ministry project over multiple years. Camps may apply through December 2021 for a one-time grant of up to \$5,000.

**Matching Funds\*:** Requesting congregations and camps must match at least half of the grant amount with their own resources.

*\*Recognizing the effects that COVID-19 has had on congregations and camps, through December 2021, applicants may apply for a waiver of a portion or all of the match requirement by providing a brief narrative explaining the reasons for the request for a waiver.*

**Fund Management:** The fund shall be managed so as to preserve principal. Investment performance and other factors will determine the total amount of available grant money for each year.

**Application Process:** Grants will be awarded as determined by the Grant Oversight Committee each month. A grant application will require basic information such as amount requested, description of the project, budget, affirmation that congregation or camp will provide match as recorded in the minutes of its decision-making body, and a statement of support from district executive.

**Grant Oversight Committee:** The committee is comprised of three appointed members: a denominational staff person, a Mission and Ministry Board member, and a district executive.

**Oversight & Accountability:** Grant recipients are required to submit a report signed by two congregational or camp leaders at the conclusion of the grant period, to include financial accounting, an evaluation of the project, and other information specified on the reporting form. Failure to meet reporting requirements renders a congregation ineligible for future grants. In cases where grant funds are not expended for the intended purpose the Oversight Committee may request repayment of some or all of the grant amount.

### **Guidelines:**

1. Congregational grants are for ministries in which members of the congregation are actively involved. They are not to be passed through the congregation to another organization that the congregation supports.

2. Priority will be given to requests that connect with the legacy of the Brethren Service Center in some way, such as by including components of service, peacemaking, and meeting basic human need. Fresh and creative ideas for outreach ministries are preferred.
3. Grants cannot be used primarily to fund staff salaries, although a portion of a grant may be allocated to wages / salaries for staff or others involved in providing leadership for the outreach ministry that is funded.

Examples:

The fund may support outreach ministries like (but not limited to) these:

1. Refugee resettlement.
2. Local food bank, feeding program, or shelter operated by a congregation or community organization with involvement by members of the congregation.
3. Education and training events, especially if they include discipleship / peace / service / justice / poverty components.
4. Community outreach events such as local work projects, picnics, concerts, etc.
5. Meal events hosted by the congregation for the community.

The fund generally will not support:

1. Staff salaries, with the exception of small portions of grants dedicated to a larger project.
2. Needs specific to one individual or family (such as paying medical costs or heating bills etc.)
3. Outreach ministries that are not closely related to the congregation and in which members of the congregation are not closely involved.
4. Outreach projects for which the Church of the Brethren already provides grant opportunities, such as gardening projects funded by the Global Food Initiative.
5. Missionaries/volunteers from the congregation serving through organizations that require raising their own support.
