Use this two-minute video to illustrate the story of the wise and foolish builders.

Then have a conversation with the kids about what they saw and heard. Explain the metaphor. (Jesus is like a rock, but “all other ground is sinking sand.” The story says houses, but really we are talking about our lives.) Help guide and frame comments to reinforce the ideas that the teachings of Jesus provide a firm foundation, like a rock, for our lives. Ask what it means to follow the teachings of Jesus in our lives. End with prayer.
