

National Youth Sunday 2024

Jeremiah 29:11 - Your Life, God's Direction

Theme interpretation by the National Youth Cabinet

This year, we all were looking forward to the excitement of planning a theme for National Youth Sunday 2024. Right now, many of us come from busy lives where we are making stressful decisions that will determine the course of our futures. With this in mind, we chose the theme, "Your Life, God's Direction." Although we have this stress and anxiety in our lives, as Christians we can have peace knowing that God will provide us a flourishing future and will help us prosper as long as we continue to seek Him and His perfect will for us.

We enjoyed various translations of this verse because each description resonated in its own way. Looking at various Bible versions, we grew to understand this verse connects each of us on a deeper, spiritual level. This helps us remember even though we are living our life, it is God's timing and God's direction that will lead to the assurance of a prosperous and flourishing future. We hope that you will feel the same assurance no matter where you are headed!
