Light within Us, Matthew 5:14-16

## Considering Questions

by Tyson Hall

---

- How are we able to use the light bestowed upon us by God to spread God's messages and love?
- What does God teach us about his light, that we can work to replicate in our lives?
- How can we as a church family work to share the light in us with those around us?
- What can our church do to share this light with those in our community and world?
